2025

THE LIST 2025

The legacy, the history, a continuation...

The story started back in 1979 with the former owner Jan-Bruse Andersen, with a dream to create one of the best and unique wine cellar in the world

Today we are proud to present one of Scandinavias most extensive wine list, which consists of more than 47,000 bottles, distributed among 7,500 different labels. A collection that's built broad and deep around the classic wine regions, with a focus including the "new world" recent years, which has results in a more diverse, yet complete wine list.

Andersen sold Park Hotel Vossevangen including the wine cellar in 2021, but his philosophy continues. We strive to offer wines in all price ranges, regardless of style, age and taste, providing memories and value to our guests.

The wines are ONLY sourced through reliable importers, todays collection is the result of a special collaboration across the years. This is so that the guest can be confident about the wine's storage and history. We believe every bottle has a story to tell, from the grapes in the vineyards, to the craft behind each individual bottle, to the patience as they rest in our cellar.

This is the story we want to share.

Due to the time and care a bottle need to express itself once opened, we kindly ask to order at least a day in advance.

I hope you enjoy your story!

from a wide range of regions, styles and maturity*

*We strive to be able to showcase our extensive
selection of fine wine in our "By the Glass Wine List"
Our wines are served using Coravin, we take the deepest

Reidar Robe Rosales Johansen - Wine Director

*"A deep & extravagant by the glass offering.
there's a vinous education to be had here, and there are
some gems hiding in plain sight at really fair prices!"*
(Arvid Rosengren, Best By the Glass List Nordic 2022)

*"The winner offers several hundred wines by the glass and the
opportunity to taste classic top wines as well as lesser-known treasures from a number of vintages.
The jury particularly highlights the wide selection, quantity, quality
and depth covering both the old and new world in the assessment,"*
(Ole Edvard Berg, Best By the Glass, Norway 2023)

*"A superb collection of wines that makes a tribute to the world of fine wine.
From the wines by the glass with an incredible choice of vintages and countries
and the Champagne selection containing both big and small houses.
A huge collective work to have a cellar like this means such a massive investment
and engagement with the world of wine by the owner and the sommeliers in charge."*
(Paz Levinson, Best Wine List of The World 2022)
